What Is Going On Tonight | If Food Disagrees Drink Hot Water

When food lies like lead in your stomach and you have that uncomfortable bloated feeling and your stomach is sour and burning, it is usually because of excessive secretion of acid or food fermentation from chronic catarrh.

In such a case a good and safe treatment for catarrh of the stomach is to take before meals a tesspoonful of pure bisurated magnesia in half a glass of water, as hot as you can comfortably drink it. The hot water washes the mucous from the stomach walls and draws the blood to the stomach wiffle the bisurated magnesia is a solvent for mucous, thus increasing the efficiency of the hot water treatment. Moreover, the bisurated magnesia, as physicians can tell you, is a powerful but harmless antacid which when taken after meals quickly neutralizes the excess acid and sweetens your stomach contents.

This hot water and magnesia treat-

acid and sweetens your stomach contents.

This hot water and magnesia treatment is a far better plan than that of wallowing some pill or tablet which simply artificially digests your food and sends it still a sour, fermenting acid mass into the infestines, where it will do almost as much harm as in the stomach.

As there are various forms of magnesia, be sure in following above directions to ask the druggist for Bisurated Magnesia (either in powder or tablet form), which is especially prepared for the correction of stomach acidity.

POETRY

I HEAR THE ROBINS.

I hear the robins, firstlings of a spring That yesterday so warm a promise made, But that today, such promise has gain-said— I hear the robins as they, suddling,

Yet hark! These robins have no keen dismay;
Their chirping is like talk that children use
When, at some ghostly makebelleve, in play,
They feign a terror that they do not feel; WAFTING.

Some friends within my garden wait, While mouning winds I hear, Where frozen snows hide deep their feet; Dear friends of many a year.

They've waited long and patiently
Through lingering frosts and snows;
Oh. pitful it is to see
Each Illac, lily, rose.

Not far away will come a day When roused from winter's rest. They will appear, long, long to stay. In summer's glory dressed. By miracle so wonderful
We'll read our Father's love :
More wonderful, more beautiful
Will Heaven's springtime provel
